

Biomedical Instrumentation

Anonymous Course Evaluation

Prof. Dr. Volker M. Koch

December 21, 2010

The students of this course have very different backgrounds, which makes it hard to satisfy all students. To understand better how well I did anyway, I would appreciate it very much if you could give me some feedback. Please fill out both sides of this form.

Content

The topics for this course were well chosen (useful, interesting).

do not agree agree to a small degree 50/50 agree to a large degree fully agree

The lectures and exercises were application-oriented enough.

do not agree agree to a small degree 50/50 agree to a large degree fully agree

The project presentations (by assistants) were good and should be repeated next year.

do not agree agree to a small degree 50/50 agree to a large degree fully agree

The excursion to Medtronic was good. There should be another excursion next year.
